

Cunningham Is In Anglo Command In Mediterranean

(Editor's Note: Larry Allen, Associated Press and Wide World correspondent with the Mediterranean Fleet and this year's Pulitzer Prize winner in the foreign correspondence class, has spent many hours with Sir Andrew Browne Cunningham, the newly appointed head of the British Admiralty delegation in Washington. Allen, who was on board the Aircraft Carrier Illustrious when Nazi dive bombers tried to sink it in January 1941, here presents his impressions of the British sea fighter.)

By LARRY ALLEN

Alexandria, Egypt, May 20 (Wide World)—The day of January 10, 1941, will be written in the history of this war as the day when German dive bombers, making an unexpected appearance in the Mediterranean, attacked the British aircraft carrier Illustrious for seven hours, and as the day when they mortally wounded the cruiser Southampton.

The British never have permitted the world to forget Nelson and Drake, Beatty and so it is unlikely that Admiral Sir Andrew Browne Cunningham will evade some mention in the written record; but even if he should his words of January 10 would always remain a stirring footnote to any account of the fiercely contested battle for control of the inner sea which the Italians have called "Our Sea."

Even while the British guns were trying that memorable day to force off the attackers of the Illustrious, the admiral, a Scotsman with blue eyes and gray hair, who had spent 41 of his 58 years in the navy, was calling the turn on a branch service of the enemy which he always so readily has designated as the "aerial pest."

"The Nazis," he said in a message to every British ship on January 10, 1941, "are not going to scare us out of the Mediterranean. Every ship must shoot quicker and more accurately."

I was on board the Illustrious that day when the German Stukas tried to pound the big ship to pieces. The 23,000-ton Illustrious received seven direct hits of 1-250-pound bombs, but she made Malta under her own power, though the Southampton was so badly wounded that her officers had to administer the coup de grace, letting her slip down in the waters of the sea.

It was afterwards referred to in the British navy as "Black Friday," but there was some satisfaction three weeks later when the fleet, with the help of crack navy bombers, "did not go to 150 German Stukas based in southern Sicily, and for a long time after that the Nazis respectfully refrained from any attacks.

The British, who have a predilection for American slang, like to say of Admiral Cunningham that "he can take it," adding as much admiration of the man as to show off his knowledge of Yankee idiom the words: "But you should see him dish it out."

There are innumerable pictures of the man, but ultimately all blend into the image of him on the bridge of a ship, directing operations, but his keen eyes fixed on his maps and plottings, figuring not only what he intends to do but what he thinks the enemy is likely to do.

The Italians from the beginning avoided a showdown with Admiral Cunningham's ships; and the few times they came out they evinced a weakness to run back to port, and generally have shown a desire to stay there.

In those days the admiral paced the bridge, thinking and planning. And one day he turned to an aide with his decision:

"If they won't come out, we'll blast them out."

It was only a little later that a squadron of naval torpedo-carrying aircraft from the Illustrious moved over the landlocked harbor of the big Italian naval base at Taranto, down at the heel of Italy's boot, and launched their torpedoes at Mussolini's battleships and cruisers on the night of November 11, 1940.

Three of Italy's six battleships had to be beached. Two cruisers and two fleet auxiliary ships were sunk, and others were badly damaged. That, for a while at least, broke the back of Italy's battlefleet.

Took Fleet Into Adriatic

Later that year—on December 20, 1940—the admiral won the hearts of the Greeks by taking his fleet into the mine-strewn waters of the Adriatic. The big 15-inch

Acid Indigestion

What many doctors do for it is to give you a lot of medicine. But there is a better way. Try the new "Acid Indigestion" medicine. It's the only one that gives you relief without any harmful side effects. It's the only one that gives you relief without any harmful side effects. It's the only one that gives you relief without any harmful side effects.

UNITED CUT RATE PHARMACY

324 WALL ST. PHONE 5985

Refreshing, enticing!

DAGGETT & RAMSDALL'S

Mountain Leather

COLOGNE

\$1.00

A lovely new cologne with an appealing outdoor freshness... and a total feminine enchantment. Perfect qualities for a cologne you'll want to use day and night. Delicate sprays of leather buds from which it steals its delicate fragrance, decorate the pretty pink package that holds the aromatic "lady" bud. It's charming for girls!

Miss A. Donovan, Daggett & Ramsdall's demonstrator, will be at our store Wed., Thurs., Fri. & Sat. Don't fail to see her!

Rubber Situation

1. The Truth About Rubber

America's motorized millions in jalopies, truck, delivery wagons, and limousines, are riding themselves off the roads at an average rate of 3 1/2 per cent per month. That's the rate at which the rubber is wearing from their tires and when that rubber is gone, there will be no more for a long time.

Americans are congenial optimists. Americans believe in the theory that boy always get girl, that life somehow works out for their good in the end. The inevitable fashion which brings a happy ending to the current feature of the moving picture theatre down on the corner.

But life—and especially life in wartime—isn't like that. There is no guarantee that we shall win this war—no guarantee at all except our own ability to get through ourselves, to face the facts realistically, and to do something about them.

The facts about rubber show just this—that only in one way can we have a happy ending to the rubber story and that way is the way of victory. Only by defeating our enemies, only by slapping the Japs back into their own islands and removing the Nazi madmen from the earth, can we again expect to resume a comfortable and carefree way of life.

This comfortable, carefree way of life depended, to a far greater extent than any realized, on the brownish congealed and chemically treated sap of a tree called Hevea Brasiliensis.

Hevea Brasiliensis, the rubber tree, is a native of the western hemisphere. When the Spaniards conquistadores found their way through South American jungles to the fabulous cities of the Mayas, they found these proud natives playing games with rubber balls.

How rubber migrated from this hemisphere, how we became dependent for our rubber on lands at the other end of the earth, is a fascinating story in itself and a story to which we shall return.

But for the present, the only really important thing is that we are so dependent—that because the Japanese thrust southward like a sword through the steaming Indies, our way of life and our efficiency in this fight are seriously threatened.

Here is our situation—we have been using half of the world's total output of rubber every year and almost 98 per cent of that rubber came to us from the Far East.

The late Marquis of Salisbury was thinking of Europe when he admonished his countrymen to "study large maps." To understand the geography of rubber—and the geography of war—it is necessary that we consult the very largest of maps, maps so large that the maps Salisbury had in mind could have been tucked away in the smallest corner.

We have been using up rubber at the rate of 766,000 tons a year. Last year we imported 1,025,563 tons, of which large amounts were placed in what are called "stockpiles" against emergency—against exactly that emergency which is upon us now.

From Malaya came 550,935 long tons or 54 per cent of our rubber importation. The Japs have Malaya.

From the Netherlands East Indies came 287,373 long tons or 36 per cent of our importation. The Japs have the Netherlands East Indies.

From Ceylon, 59,804 tons or 6 per cent of our annual importation. The Japs dominate the seas before Ceylon.

From other East Indian sources—from Burma and Thai and the Melanesian Islands, 30,511 long tons or approximately two per cent of our annual importation. The Japs have Thai, the Japs have overrun Burma, the Japs crawl like a horrid plague of insects through the island of Melanesia.

We get, indeed, 10,419 long tons or about 1 per cent of our annual importation from Africa, and another one per cent—10,753 long tons—from Latin America, the an-

cient home of the Hevea Brasiliensis.

All but 2 per cent of our rubber, then, came from those parts of the world now overrun by the soldiers and sailors of Hirohito.

We used this rubber in more than 50,000 products and many of these products contributed greatly to what has been called the American standard of living—that standard which now is threatened everywhere.

Most of this rubber, though, went into tires. The U. S. A. has one third of the improved roadways in all the world. Over these roads, our 30,000,000 pleasure cars and our four million trucks and buses drove an average of 500,000 miles each year.

Most of these autos are still operating although the passing of each day, each week, each month, that they are operating on thinner rubber, brings closer the inevitable hour when the worn casing goes flat and Jones or Smith or Meyers or Murphy—Mr. or Mrs.—is through traveling for good. Already it is estimated that this has happened to some five per cent of America's autos and a recent survey discloses that milk deliveries could be continued on their present basis only eight to ten months.

The milk distributors, of course, are doing something about this plan to cut deliveries, to pool their resources of rubber, to keep that rubber in service as long as possible.

But the great mass of Americans—You, and I and the Smiths and the Joneses—have shown no such foresight, no such realization that rubber on the wheels of our cars has become a trust. In every city, on every country road, on every national highway, it is possible to see autos with but a single occupant, careening along as though nothing had happened, as though rubber were still as easy to come by as water from the kitchen tap or the electric light in the living room. We still take our rubber tires as casually as we tap water and electricity and yet we scarcely can buy enough new rubber tires these days to give us a month's supply of hot water bottles.

It is true that we have a stockpile of rubber. If all goes well, if we scrape up the last ounce from the bottom of the barrel, we and our comrades in arms of the United Nations may have barely enough to make out.

By using the most ingenious methods of balance and counterbalance, by allocating out every ounce of rubber to essential military requirements and to the minimum requirements of the civilian economy, we may just about be able to meet the need over the next two years. Meet the need, but the minimum needs of a war machine—not even minimum needs for bitter-end devotees of "happy motoring."

This is the place to talk about the thing that stubborn "happy motorists" talk about these days about synthetic rubber, about the extraordinary things that can be done with guayule, about the various forms of magic which are—in the wishful thinking of so many—at hand to solve the rubber shortage practically overnight.

In 1941, when we were importing such prodigious amounts of rubber from the Far East, our production of synthetic rubber totalled about 15,000 tons, only a part of which was general purpose rubber suitable for tires. This year our production of synthetic rubber may reach as much as 28,000 tons. The plans—and remember they are plans—call for production at an estimated rate of 200,000 tons a year of general purpose rubber by December of 1942, and by the end of 1943, if facilities not yet in existence are then producing at capacity, we shall be getting Buna synthetic at a rate of 700,000 tons a year in addition to 100,000 tons of Butyl synthetic and Neoprene. Actual production of Buna synthetic in the calendar year 1943 certainly cannot be expected to be much more than 350,000 tons.

And so, synthetic rubber is not going to keep our automobiles on the road. Long after existing stocks of tires on the wheels of American motorcars have been worn out, we'll still need all our production of synthetic and more

to keep our military machines moving forward.

What about guayule? Guayule is a plant, a shrub, which grows in the arid lands of Mexico and the American southwest. It is related to our milkweed. For many years, there has been a certain amount of guayule rubber production of it from the wild plant. The plant is gathered, shredded, and the juice squeezed from it. Unlike the rubber tree, which may be tapped every other day for many years, the guayule bush yields only one crop. Now plants must be grown from seed and it takes a year and a half for a guayule seedling to reach the stage at which it may be harvested. We could plant guayule in our southwest—although the size of that planting would be limited by the amount of seed available. Indeed we quite possibly will plant guayule. But guayule, like the synthetic, offers no solution to the civilian motorists' problem, nor does it offer the dream of the "motoring" automobility rubber from Latin America.

Last year, the U. S. in cooperation with commercial rubber interests and the government of a dozen Latin American countries began a 15-year program designed to bring supremacy in rubber back to the Western Hemisphere. Some 15,000,000 seedling rubber trees already have been set out against a program, but even if it goes well with a majority of these trees, it will be five to seven years before they can be tapped.

If we are lucky, we may get as much as 41,000 tons of rubber from Latin America this year, most of it from wild rubber trees of the inland jungles. We may get another 18,000 tons from Africa. And this, in relation to our need for rubber, is as the eraser on the end of a lead pencil to a big eight-ply casing for a ten-ton truck.

These are some of the reasons why you'd think American motorists would do everything possible to save the rubber on the wheels of their automobiles—why you'd expect them to pool the use of their cars with their neighbors and fellow workers. And these are just some of the reasons. Even the rubber we have cannot be reserved exclusively for the use of our own armed forces. Because in rubber, as in so much else, the U. S. A. carries that double responsibility to itself and to its allies. Without enough rubber, neither we nor they can be fully effective in this fight for freedom—rubber is essential to victory as steel. We can get more steel, but when our rubber is gone, it will be a long while before we can get more. A long while, and TIME IS SHORT.

By using the most ingenious methods of balance and counterbalance, by allocating out every ounce of rubber to essential military requirements and to the minimum requirements of the civilian economy, we may just about be able to meet the need over the next two years. Meet the need, but the minimum needs of a war machine—not even minimum needs for bitter-end devotees of "happy motoring."

And this, in relation to our need for rubber, is as the eraser on the end of a lead pencil to a big eight-ply casing for a ten-ton truck.

These are some of the reasons why you'd think American motorists would do everything possible to save the rubber on the wheels of their automobiles—why you'd expect them to pool the use of their cars with their neighbors and fellow workers. And these are just some of the reasons. Even the rubber we have cannot be reserved exclusively for the use of our own armed forces. Because in rubber, as in so much else, the U. S. A. carries that double responsibility to itself and to its allies. Without enough rubber, neither we nor they can be fully effective in this fight for freedom—rubber is essential to victory as steel. We can get more steel, but when our rubber is gone, it will be a long while before we can get more. A long while, and TIME IS SHORT.

By using the most ingenious methods of balance and counterbalance, by allocating out every ounce of rubber to essential military requirements and to the minimum requirements of the civilian economy, we may just about be able to meet the need over the next two years. Meet the need, but the minimum needs of a war machine—not even minimum needs for bitter-end devotees of "happy motoring."

This is the place to talk about the thing that stubborn "happy motorists" talk about these days about synthetic rubber, about the extraordinary things that can be done with guayule, about the various forms of magic which are—in the wishful thinking of so many—at hand to solve the rubber shortage practically overnight.

In 1941, when we were importing such prodigious amounts of rubber from the Far East, our production of synthetic rubber totalled about 15,000 tons, only a part of which was general purpose rubber suitable for tires. This year our production of synthetic rubber may reach as much as 28,000 tons. The plans—and remember they are plans—call for production at an estimated rate of 200,000 tons a year of general purpose rubber by December of 1942, and by the end of 1943, if facilities not yet in existence are then producing at capacity, we shall be getting Buna synthetic at a rate of 700,000 tons a year in addition to 100,000 tons of Butyl synthetic and Neoprene. Actual production of Buna synthetic in the calendar year 1943 certainly cannot be expected to be much more than 350,000 tons.

And so, synthetic rubber is not going to keep our automobiles on the road. Long after existing stocks of tires on the wheels of American motorcars have been worn out, we'll still need all our production of synthetic and more

to keep our military machines moving forward.

What about guayule? Guayule is a plant, a shrub,

Strikers Go Back

Fifty union carpenters were back at work on Stewart Field airport, near Newburgh, on Tuesday, after a four-day strike on which conference is still pending. At the same time their employers, Iglehart, Caldwell & Scott, Inc., prime contractor on the huge airport project, announced that they have been granted an additional contract for more than a million dollars worth of work. The new contract calls for the construction of roads, utilities and electrical dis-tribution on the tract and is to be finished before August 1. W. W. Caldwell, vice president of the firm said Tuesday.

Thousand Planes To Stage Nightly Raids on Germany

Figure Is Not Fantastic, Is London Report; Anglo Capacity Has Not Reached Peak

London, May 20 (P)—Allied air commands are aiming at expansion enabling them to send 1,000 bombers a night against German targets, an authoritative source indicated today.

"A thousand planes is not a fantastic figure, this source declared.

"At present we have the facilities for sending 800 planes on raids and these can be expanded."

The capacity of Britain as an air base has not yet been fully developed, he added.

"The objective is expansion so great that on any night with good weather conditions we will be able to send 1,000 aircraft to bomb Germany," he said, pointing out that this would not mean every night.

Grand and Trial Jurors Selected For County Court

A grand and trial jury has been drawn for attendance at the June term of County Court which will be convened on Monday, June 1, at 2 p. m., with County Judge J. Edward Conway presiding. The jurors drawn are:

Grand Jurors
Barnes, Irving C., New Paltz.
Basch, Rose, 19 Spring street.
Bennett, Bruce, Highland.
Braendly, George, R. F. D., Woodstock.

DeWitt, Frank, Napanoch.
DuFon, Alfred, 15 Lafayette avenue.
Dibbell, William, Port Ewen.
Everts, William S., Gardiner.
Freer, Nathan R., 108 Downs street.

Garrison, Valentine K., Wallkill.
Kirk, Edward J., R. F. D., Saugerties.
Kramer, Jack, Ulster Heights, Ellenville.

LeFevre, Solomon, New Paltz.
McGrane, John F., 38 Andrew street.
Myer, Jesse A., R. F. D., Saugerties.

Schepmoes, Edgar, 33 Franklin street.
Schrieber, Jacob, New Paltz.
Shultis, Myron, Modena.
Simmons, Harry, 105 Main street.

Smith, Charles O., Wallkill.
Smith, William D., 294 Clinton avenue.
Tartarzewskie, John, 19 Jarrold street.

Van Steenburgh, Walter, 50 Janet street.
Young, James, Ruby.
Baker, Hilda, Arkville.
Bartells, Julius, Overhaugh street, Saugerties.

Beecher, Ellen B., R. D. 2, Kingston.
Bloomer, Charles, Marlborough.
Boice, Raymond, Kingston, R. 3.
Bruckner, Richard, Kingston, R. 2.

Buley, Mrs. Sadie, Kingston, R. 2.
DuBoise, W. A., Sundown.
Hoar, Wilson, Ellenville.
Keator, Bertha, Lew Beach.

Keator, Gertrude, Kingston, R. 19.
Lawrence, Warren, Accord.
LeFevre, Arthur L., Esopus.
Lockwood, Charles, Stone Ridge.

Matthews, Richard, Wallkill.
Myer, Albert, R. D. 2, Saugerties.
O'Neal, George, Napanoch.
O'Neal, Samuel, Napanoch.

O'Neil, Mrs. Julia, 202 Third avenue.
Onusko, Michael, Walker Valley.
Reed, Sylvester R., Wallkill.
Rose, George K., 52 Foxhall avenue.

Shaver, Harry, Turnwood.
Shortell, Margaret, R. D. 2, Kingston.
Silberman, Meyer, Ellenville.
Speers, Elizabeth, R. R. 19, Kingston.

Stoutenburg, James, Glenford.
Todd, Howard C., Seager.
Vandermark, Charles, Gardiner.
Van Dermark, Elmer, Stone Ridge, R. F. D.

Wager, William, Wallkill.
Weed, Benjamin, Wallkill.
Wells, Eliza J., R. F. D., Ulster Park.
Wilber, Vernon, Woodstock.

Wood, Mrs. Anna, Kingston R. 3.
Yerry, Claud, Woodland.

Troop Six Celebrates 25th Anniversary

Troop Six, which is sponsored by the First Baptist Church, celebrated its 25th anniversary last evening at the church hall. Shown above sitting left to right, William Brady, Jr., the Rev. H. Victor Kane, Mayor William F. Edelmuth, the Rev. Arthur S. Cole, chairman; Dr. H. W. Keator and George B. Matthews. Standing in the same order, R. G. Burns, William Scaddi, toastmaster; Harry Righv, Edward J. Hillis, Edward Sylvester, assistant scoutmaster; Sherwood F. Lasher, scoutmaster and Charles E. Davis.

Boy Scout Troop 6 Observes Its Twenty-Fifth Birthday

Unit Is Oldest Continuing Group in Area Council; Dinner Is Served at Local Church

Troop Six, Boy Scouts of America, sponsored by the Albany avenue Baptist Church, which among other reasons for satisfaction takes in its claim of being the oldest continuing Scout Troop in Ulster county, celebrated the 25th anniversary of its organization on Tuesday evening.

The Ladies' Aid Society of the Church served a chicken dinner at 6:30 o'clock in the church hall, attended by a large company of scouts, scout leaders and parents and friends of the boys. The invocation was given by the Rev. H. Victor Kane, pastor of the church. It was followed by an interesting program, William Scaddi, senior patrol leader, acting as toastmaster. Sherwood F. Lasher, scoutmaster of Troop 6, welcomed the guests and the Rev. Arthur S. Cole, former pastor of the church and chairman of the troop committee, who served as scoutmaster of the troop during its first seven years, gave a comprehensive historical sketch.

Other speakers included, Mayor William F. Edelmuth, Superintendent of Schools Arthur J. Laidlaw and W. Cogswell Forde, Dutchess county scout executive. Scout Executive R. Gardner Burns called on Charles Davis, chairman of the organization committee of the Ulster-Greene Council, who presented to the troop its charter for the present year, showing a registration of 53 members.

Commissions Given
Dr. W. H. Keator, president of the council, presented to the troop committee and leaders their commissions and Executive Burns presented to the scouts their membership certificates for this year.

Members of Troop 6 gave several demonstrations, including a skit, and the program closed with singing of the National Anthem, sounding of taps and the scoutmaster's benediction.

Scout Executive Forde of Dutchess county did not make his appearance until toward the close of the speaking part of the program but when he did appear it was some entry. His incongruous "uniform" (the made a quick change during his talk) brought down the house.

Present leaders of Troop No. 6 are: Sherwood F. Lasher, scoutmaster; Edward Sylvester, Harry Beshgetoorian, George Otis, Clifford Van Valkenburgh (last two now in the U. S. service), assistant scoutmasters; Paul Beshgetoorian, Richard Waltman, junior assistant scoutmasters; William Scaddi, senior patrol leader; Robert Murray, Troop scribe; Theodore Brooks, quartermaster; Edward Davis, librarian.

Patrol leaders are Leonard Korth, Robert Hines, Edward Brooks, Robert Matthews, Michael Forte, Jack Schonger and Richard Waltman.

Troop committee, the Rev. Arthur S. Cole, chairman; the Rev. H. Victor Kane, William S. Brady, Edward J. Hillis, George B. Matthews, and Charles L. Arnold.

Historical Sketch
The following is taken from the historical sketch of Troop No. 6, written and read by the Rev. Arthur S. Cole:

Troop No. 6 was organized in April, 1917, sponsored by the First Baptist Church, was registered the following month and has had an uninterrupted and active existence ever since. The Church Bulletin of May, 1917, had the following:

"The Boy Scouts are rapidly completing organization. The pastor is acting as Scoutmaster, with Lester E. Decker, W. W. Brady, Jr., and Edward R. Odell as assistant Scoutmasters. The troop will probably be known as Troop No. 6 of Kingston, and will include two patrols. The Eagle Patrol has Paul Nelson as patrol leader and George Matthews as assistant patrol leader, with Paul Snyder, Harold Rich, Fred Dressel, Stanley Brooks, Norwood Humphrey, and Earl Miller as members. The Wolf patrol has Harold Murdoch as patrol leader and Floyd Burger as assistant patrol leader, with Roy Houghtaling, Ira Joy, Raymond Post, and Francis Van-Houten as members. Other boys are invited to join."

At least six of the charter members have died, including Edward R. Odell, assistant scoutmaster, who died in the flu epidemic in October, 1918.

Of the other assistants, Lester E. Decker served in the U. S. Navy during the first World War, while W. W. Brady, Jr., has served continuously with the troop, either as assistant or member of the troop committee, and has been instructor

in first aid. George B. Matthews, one of the first scouts, has been variously patrol leader, senior patrol leader, assistant scoutmaster, member of the troop committee and for some years chairman of the Kingston district.

The first troop committee was composed of Bernard W. Healy, Harold S. Brigham, John W. Matthews, Dr. Ernest K. Lee, Charles Snyder and Luther S. Decker.

The troop took an active part in civilian activities during the first World War, including: Sold over 600 Liberty Loan bonds, aggregating more than \$125,000, with 15 scouts receiving war service medals; participated in many parades; distributed literature sent out from Washington; acted as Red Cross messengers; executed a number of commissions for the U. S. Navy secret service; cared for the flag in Academy Park; helped clean the army for an emergency hospital and the child welfare home in Ponchokkie, under the direction of Scout Executive Herbert Bircher, during the flu epidemic and were on duty day and night at the emergency hospital.

Troop 6 started with 14 scouts but reached 38 members in December, 1918. Scouting declined in Kingston in the early nineteen-twenties and with other troops disappeared for a time. In May, 1921, when four years old, became the oldest in Kingston. It has also, for many years, been the oldest in Ulster county. It is estimated that somewhere in the neighborhood of 300 boys have been members of the troop during its history. A large number of trophies and ribbons attest to the enthusiasm and skill of its members.

Eight men have served as scoutmasters during the past 35 years, as follows: Arthur S. Cole, 1917-1924; Dr. William D. Champion, 1924-1925; William S. Jackson, 1925-1929; Fred Toms, 1929-1930; Harry C. Gray, 1930-1935; Russell H. Broughton, 1935-1939; Clifford Van Valkenburgh, Jr., 1940-1941; Sherwood F. Lasher, 1941 to present time, now beginning his second year.

"Scoutmaster Lasher was a patrol leader in the early years of the troop, so that now it may be said that the troop has selected its scoutmaster from its own ranks. The troop reached its highest enrollment under the efficient administration of Scoutmaster Russell H. Broughton, and it was during this time that some hundreds of dollars worth of camping and other equipment was acquired. We have furnished scoutmasters for other troops, among these being Stephen C. Hyatt, principal of School No. 1, formerly scoutmaster of the Pine Hill troop and now an assistant scout commissioner; Vernon Van Norstrand, now scoutmaster of a troop in Middletown, and Gordon A. Craig, Jr., scoutmaster of Troop No. 6 in Kingston.

"This anniversary comes five months after our country has entered the second World War as a belligerent, and already many present and former members of the troop have entered military service. The full number is not yet known, but a list is being compiled and it is expected that our troop service flag will contain many stars. Already the scouts of our troop with other scouts in this area have enrolled in various services connected with civilian defense. We are ready now as 25 years ago to stand by our country in every way that we can serve.

Reported Improved
The Rev. William J. McVey, pastor of the First Presbyterian Church, who recently underwent a major operation, is reported as improving at the Kingston Hospital.

Way to Relieve Itchy Pimples

When your skin is irritated with pimples, red blotches and other skin blemishes, and you're crazy with itching torture, here's quick relief. Get a 35c box of Peterson's Ointment at your drugstore and apply this delightful soothing balm. Itching relieved promptly. Smarting soothed. Your skin looks better, feels better. Also wonderful for itching of feet, cracks between toes. Try it.—Adv.

Shonbrun Collapse Halts Webb Trial

Defendant in Reich Murder Case Carried From New York Court

New York, May 20 (P)—Eli Shonbrun, co-defendant in the murder trial of Madeline Webb and another man, collapsed in his chair at the counsel table today and was carried from the courtroom by attendants.

Shonbrun's attorney, Jacques Buitenkant, said that Shonbrun was suffering from a heart condition.

His collapse upset Miss Webb, 28-year-old model, who rushed to his side. The trial in which Miss Webb, Shonbrun and John D. Cullen are charged with slaying Mrs. Susan Flora Reich, a Polish refugee, in her hotel suite early last March, was recessed.

Murray Hirsch, Shonbrun's uncle and key state witness against the three defendants who are charged with first degree murder, was on the witness stand at the time.

Miss Webb was in tears as her lover was carried from the court room and she sought to stay at Shonbrun's side but was restrained by court attendants.

Dr. Perry Lichtenstein of the district attorney's office examined Shonbrun and reported his collapse was the result of a "nervous reaction" and did not appear to be a genuine heart attack. He administered a stimulant.

Shonbrun returned to the courtroom at noon, pale and feeble, and General Sessions Judge Jonah J. Goldstein adjourned the session until 2 p. m.

"His collapse was simply due to the tension of the trial and he has difficulty sleeping at night as anybody would," the physician said.

BOWEL WORMS CAN'T HURT ME!

That's what you think! But ugly roundworms may be inside you right now, causing trouble without your knowing it. Warning signs are: uneasy stomach, nervousness, itching parts. Get JAYNE'S Vermifuge right away! JAYNE'S is America's leading proprietary worm medicine; scientifically tested and used by millions. Acts gently. Be sure you get JAYNE'S VERMIFUGE!

avenue, thence along Clarendon avenue to Wrentham street, thence along Wrentham street to Albany avenue, thence along Albany avenue to South Manor avenue, thence along South Manor avenue to O'Neil street, thence along O'Neil street to Broadway, thence along Broadway to Cedar street the place of beginning.

This route shall be operated with two busses every thirty minutes in opposite directions daily; more frequent schedules shall be operated when traffic demands.

Davies Pleads Guilty

London, May 20 (P)—Capt. Robert Davies, Canadian engineer who was decorated for removing time bombs from St. Paul's Cathedral and Buckingham palace in September, 1940, pleaded guilty today to 13 charges of issuing checks with insufficient funds. A court martial acquitted him of three charges of theft and looting. Judgment was withheld on other charges alleging improper use of his bomb disposal squad. He pleaded guilty Monday to improperly receiving \$2,000 from a business concern.

IT'S WONDERFUL

Slick with Slacks!

It was the eighth day of the trial in general sessions and the third day Hirsch had undergone questioning. At the time of the enforced recess, Buitenkant continued to try to break down Hirsch's testimony relating to Miss Webb and her connection with the crime.

During cross-examination yesterday, Hirsch who was also indicted for first degree murder in the case, made several admissions that he was a thief and a liar.

O.C.D. Gets Control

Washington, May 20 (P)—President Roosevelt gave the office of Civilian defense today overall control of the development of plans to protect some of the nation's essential facilities against sabotage. These facilities include, among other things, communication systems, air commerce, highways, railways, forests, mines, gas and water utilities, public buildings and storage facilities. The work of the O. C. D. will supplement that of the army and navy in guarding war materials.

It's time to clamp-down on loose talk!

This Actual Case shows how Rumors delay Vital Work

The Rumor was: In one war plant (insured in the Hartford) many workers were being killed—the number of injuries was frightful.

The facts were: Not one worker had been killed. There were some injuries—but not more than usual in this type of work. But baseless rumors—spreading like wildfire—were making it hard to hire needed men, were lowering morale, slowing up production.

Carelessness in spreading rumors is as dangerous as carelessness on the job, at home or driving cars. Every accident or fire means loss of time, material, manpower that we can't afford to lose.

Be careful—always. Make others be careful. You'll be helping to win the war.

Get expert advice: We can help you to prevent accidents and fires. We can also build a sound insurance program to protect you or your business against serious financial loss.

Long Island Publisher Says American Press Has Obstructed Change, Aided 'Laissez Faire'

Chicago, May 20 (AP)—The opinion that much of the American press has "obstructed inevitable changes" instead of trying to help them, was expressed yesterday by James E. Stiles, publisher of the Nassau Daily Review-Star, Rockville Centre, N. Y.

Stiles, addressing the 58th annual convention of the Inland Press Association, declared: "The press will recover its prestige when it becomes once more an authoritative exponent of progress, a correct interpreter of social and economic trends and a sincere battler not only for the rights, but for the advancement of common man."

"The publishers have been among the last to recognize that the day of laissez faire is over. *** I think it would be a good idea for the newspapers and the President to get together and settle their difficulties. I have been alarmed at some of the manifestations of the New Deal, incensed by some of its policies and skeptical at times about its motives."

"But personally I would like to pay a tribute to Franklin D. Roosevelt as a man who has had a great vision of what he wanted to accomplish for the people of the United States."

"The New Deal has had its successes and its failures. The successes have been the result of the New Deal's attack on the old laissez faire."

"The press has missed a wonderful opportunity in not embracing and clarifying the President's program."

"Here is the cause of the ages brought up to date, the deathless struggle of the common man for recognition of the dignity of the individual. And the press of America has thrown it out the window."

"In its attacks on the New Deal"

At Fort Bragg

PVT. JOHN F. TIERNEY

Pvt. John F. Tierney, son of Mr. and Mrs. Frank Tierney of East Kingston, who enlisted in the U. S. Army, served a year at Fort Dix and was honorably discharged.

He has been re-enlisted, and is stationed at Fort Bragg, N. C.

The press has shown its traditional courage. Many of its specific criticisms have been well taken and effective. But in the role of watchman on the walls, we have erred broadly by seeing upon the horizon something which we identified incorrectly."

PORT EWEN

Port Ewen, May 20—The Rev. Michael J. Curley, C. S. R., pastor of the Church of the Presentation, will be the speaker at the P. T. A. meeting this evening at School No. 13, at 8 o'clock.

His topic will be "Parent Education."

At the business session the annual installation of officers will take place. The public is invited.

Esopus Council No. 42, Sons and Daughters of Liberty, will meet this evening in Pythian Hall.

The Knit and Sew Club will hold a card party and evening of games in the Reformed Church hall on Wednesday evening, June 10. Also at this time the quilts and other garments and supplies made by the group will be on display. The public is invited. Refreshments will be served.

BLOOMINGTON

Bloomington, May 20—Bloomington Reformed Church, the Rev. W. K. Haysom, pastor—Sunday church services, 9:45 a. m. and 8 p. m. Church school, 11 a. m. Christian Endeavor, 7 p. m.

The Ladies' Missionary Society will hold its regular monthly meeting in the church parlors Thursday, May 21, at 2 p. m. Leader, Mrs. E. Dession, whose subject will be, "All Ye Are Brethren." Roll call word, "Abide."

Mr. and Mrs. C. Mayer of Astoria, L. I., have arrived to spend the summer. Mr. and Mrs. Mayer are again occupying Mrs. De Graff's large house on Main street.

Mrs. George Le Fever, who has been ill at her home for some weeks, is slowly improving.

Those who were entertained at dinner guests Sunday last at the home of Mr. and Mrs. George Weeks on the Greenkill road were: Mr. and Mrs. Earl Doty and Mr. and Mrs. Edward White of Port Jervis, A. Weeks, Mrs. Benjamin Dixon and daughters, Shirley and Phyllis, of Averill Park, and Mr. and Mrs. John Williams of Kingston.

The Rosendale Grange will hold a card party Wednesday, May 27. Games will start at 8:30 p. m. The public is invited.

Mr. and Mrs. Wayne Stoddard and son, Wayne, and Mrs. Ennis Coutant of Kingston, spent Wednesday evening with Mr. and Mrs. Neal Hotelling and daughter, Ruth.

Mr. and Mrs. John Amatrano of the Bronx are spending a few days at their summer home.

Mr. and Mrs. Kenneth Bordenstein spent last week visiting some of the southern states. On returning home they were accompanied by Sergeant John Bordenstein, who is stationed in Georgia.

Miss Genevieve Monteleone spent Saturday in Poughkeepsie.

Kenneth Randegger is improved after an operation and is able to call on his neighbors.

Mr. and Mrs. Nick Saner of Whitehouse, L. I., are at their summer home here.

Frank McElrath spent the week-end at his home here.

Those who attended the missionary luncheon at the First Dutch Church in Kingston on Thursday of last week were: Mrs. W. K. Haysom, Mrs. Raymond Le Fever and Mrs. Neal Hotelling.

Richard Barringer of Poughkeepsie spent Sunday with Miss Frances Monteleone.

C. B. Ennis, who has been ill for some time, is improving.

Miss Constance Blawie of St. Remy was a week-end guest at the parsonage.

Didn't Even Ask For a Date?

Beckley, W. Va. (AP)—Greater trust hath no man than that he lend his spare tire to a stranger in distress. Five women were enroute to classes at Concord College when a tire blew out. They had no spare and no tools. Before long a man stopped and asked if he could help. He lent them his jack and his spare tire, told them he was W. S. Bennett, of Bluefield, and asked that they leave his tire in Princeton at a certain garage. He didn't even ask their names. As he drove off, one of the girls sighed, "Whatta man."

Woodstock, May 20—A service commemorative of Memorial Day will be held on that day in the Woodstock Cemetery, at 4 p. m.

The speaker of the day will be the Rev. Russell Damstra, pastor of the Reformed Church of the Comforter of Kingston. This will have no bearing on or connection with the main service and ceremonies of the morning. The singing at the cemetery service will be under the direction of Matthew Chambers.

Trumpet numbers will be given by Archibald McCaw, who on previous occasions has played trumpet numbers in services of this kind. Clergymen of the town will also participate in the service, which is open to all.

Mrs. V. W. Todd of Elmsire, mother of the Rev. Harvey Todd, arrived Tuesday to spend some time at the Todd home. It is possible that Mrs. Todd may make her home here in the future.

Drill night will be held every Wednesday night at the Town Hall until further notice, except on June 10. On that date an important concert will be given in the hall, as a benefit. A number of Woodstock people attended the concert given at the Kingston High School Monday evening. Vladimir Padwa of Woodstock was on the program. Among those who attended were: Mrs. Robson, Mrs. Pearl Shultis, Mrs. Terwilliger and the Rev. and Mrs. Harvey Todd.

Edmond Bower of the Ulster County 4-H Club will give an illustrated talk at Town Hall on Monday, June 1, at 8:30 p. m. The subject will be insecticides and the various ways of combatting all forms of garden pests. This will be the second in a series of illustrated talks which the Victory Garden Committee has arranged.

The large flat of potato and onion sets recently donated to the Victory Gardeners has been distributed.

R. J. Lapo has taken over a portion of the Comeau plot and will plant corn. Also Mrs. Mollie Higgins Smith and her daughter, Anna Sargent Smith will receive a portion of the land for gardens, for which they recently applied.

Tornado Strikes 63 Imaginations

Tulsa, Okla. (AP)—John Spikes, meteorologist at an air school, rushed to Pryor, Okla., after a tornado struck there. He wanted to get a first hand account of the behavior of a "big blow." "I talked to 63 different people," says Spikes "and they told 63 stories, each one of which failed to agree with the others on the facts of what, how, when and why."

In Army

MISS WILMA R. JONES

Miss Wilma R. Jones, R.P.N., left Monday morning to report for duty at Camp Davis, Wilmington, N. C., where she will rank as second lieutenant in the United States Army. Miss Jones will be stationed at an army camp and later join the 79th General Base Hospital unit affiliated with the Long Island College of Medicine when it leaves for foreign service.

Committees Named For Tri-Hi Show

Thursday evening at 8 o'clock, the Tri-Hi Club of the Y. W. C. A. will present its annual fashion show. Committees have been named to arrange for this event. Miss Charlotte Cooper and Miss Harriet Morrisey are co-chairmen of the show.

The publicity committee is composed of the Misses Theodora Kenney, Hilda Kinch, Jane Hutton, and Frances Haines. The decorations are being planned by the Misses Marie McAndrew, Anna Marie Manfredi, Veronica Neilson and Kathryn Phinney.

Those taking charge of the program and tickets are the Misses Margaret Chase, Doris Bouton, Rose Marie Murphy and Betty Boyce.

Birthday Party

Gerald Francis Trought of 81 West Pierpont street was host to 25 guests on his 5th birthday, Saturday, May 15. The color scheme was red, white and blue. Games and movies were enjoyed after which the children were ushered to tables for lunch. Those present were the Misses Mary Ann Carle, Jacelyn Carle, Carol Ziedler, Ann Volynski, Ina Lipkin, Florence Adin, Louise Webster, Kathryn Bunsie, Vida Planthaber, Margaret Carle, Rita Amarello and Peter Camp, Kenneth Ziedler, Vincent Ziedler, Howard FitzGerald, Philip Mathews, James McCutcheon, Leo Wells, Albert Brink, Frederick Bendewald, Jr., Thomas Bendewald, Robert Planthaber, Donald Planthaber, Leland DeWitt, Donald DeWitt Charles Ahl, Martin Wildermuth, Roy Webster and Buzze Bunsie.

Selectee Honored at Parties

Jon Gordon Purie, one of the young men who left Kingston Monday morning for an Army induction Center, was guest of honor at a dinner Sunday given him by friends at the Maple Arch Homestead in Hurley. Mr. Purie was also entertained at a dinner party Friday evening and presented with a gift from members of the New York Telephone Company where he has been employed.

Surprise Kitchen Shower

A surprise kitchen shower was given for Miss Helen Rifenbary, Wednesday evening, May 13, by Mrs. Joseph R. Zeeb, at her home, 150 Clifton avenue. She was assisted by Mrs. Donald Tinnie. The decorations were in pink and white with the gifts in a gaily decorated clothes basket. The guests were Mrs. Kathryn Atkins, Mrs. Jean Dauner, Mrs. John Schwalbach, Mrs. Curtis McAlton, Alton Blackwell, Mrs. Arthur Rifenbary, Miss Mary Tongue, Miss Ruth Lapine. Those unable to attend but who sent gifts were Miss Sarah Adin and Miss Alice Newell.

"MIDDLE-AGE" WOMEN (38-52) NEED THIS ADVICE!!

If you're cross, restless, suffer hot flashes, nervous feelings, dizziness—caused by this period in a woman's life—try Lydia E. Pinkham's Vegetable Compound. Made especially for women. Thousands upon thousands helped. Follow label directions. WRITE TRYING!

Officers Elected By Oratorio Society

Officers for next year were elected at the final business meeting of the Oratorio Society held last evening at the Y. W. C. A. Those chosen are: Miss Ruth Tongue, president; Mrs. Frank Burger, vice president; Miss Helen Grunmeyer, secretary; Miss Caroline Port, treasurer. The members of the nominating committee who selected this slate of officers were Miss Frances Osterhoudt, chairman; Miss Helen Schoonmaker and Robert Messinger.

Men's Club Elects Officers For Year

Last evening, the Men's Club of the Wurts Street Baptist Church held its annual business meeting and social. The following officers were elected for the coming year: Lewis Myers, president; James C. Legg, vice-president; Ferdinand Vought, treasurer in place of Dewey Bundy who has been called into the service; Lee Powell, secretary.

Personal Notes

Mr. and Mrs. Harry Hines, Sr., Mr. and Mrs. Harry Hines, Jr., of Pine Grove avenue, were the guests of Mr. and Mrs. Stephen Hines in Catskill, Sunday.

Miss Shirley Sutton of Catskill is the guest of Mr. and Mrs. John Deyo.

Mrs. Alonzo Sickles of Pine street has been the guest of Mr. and Mrs. Marshall Wingert of Athens.

In a letter received by his father, Fred S. Van Voorhis of Saugerties described his trip as a member of the U. S. Merchant Marine to Capetown, S. A. He stated that they had not seen land for 33 days.

Mrs. Augusta Wheeler entertained at a foursome of bridge yesterday afternoon at her home, 197 Washington avenue.

Miss Cornelia DeWitt of Hurley has as her guests, Miss Josephine Vega and Miss Gertrude Rose, of New York city.

Mrs. John Saxe returned to her home in West Hurley last Saturday after visiting her son-in-law and daughter, Mr. and Mrs. John N. Robinson, of New York city.

Club Notices

Little Gardens Club

Simplest Stitchery Forms Sacred Picture

by Alice Brooks

Use rich colors to embroider this Sacred Heart picture. It's handwork you'll take pride in and it's easy to do. Begin this heirloom panel now. Pattern 7118 contains a transfer of a picture 10 1/2 x 14 inches; illustrations of stitches; materials needed; color chart.

To obtain this pattern send ten cents (plus one cent to cover cost mailing) to The Kingston Daily Freeman, Household Arts Dept., 259 W. 14th Street, New York, N. Y. Write plainly NAME, ADDRESS and PATTERN NUMBER.

Teachers' College News

The State Teachers College at New Paltz plans to give courses this summer in line with the request of John W. Studebaker, United States Commissioner of Education. Studebaker in a recent letter requested 28,000 secondary institutions to give pre-flight courses. In the summer session at New Paltz courses in physics, meteorology, navigation, trigonometry, post-war world problems, and social importance of aviation will be featured. These will not only serve the teacher or student in planning his work in pre-flight courses but will also aid the general teacher in building into present curriculum live subject matter for the age. During the summer session daily assembly programs are planned to which local teachers and those interested in civilian defense will be invited. Teachers and school administrators have a responsibility in orienting children, youth, and adults to the problems arising from the development of transportation and communication by air in peace times as well as war times. The work done this summer

Day or Evening Star

Marian Martin

Good Taste Today

By Emily Post

(Author of "Etiquette," "The Personality of a House," "The Blue Book of Social Usage," etc.)

WHAT IS RIGHT WAY TO UNFOLD NAPKIN?

To a reader whose letter begins by asking, "Have you any OBJECTION to answering the question that I have sent to your column several times before but have never seen printed?" I must say that I expected something questionably controversial at least. To my surprise her letter continued: "Won't you please describe the maneuver for picking up the napkin and putting it across one's lap? Be sure to say which hand is used and to what extent the napkin should be unfolded?"

To this then in detail: If you are right-handed you pick it up with your right hand, if you're left-handed, you pick it up with your left, unfold it with both hands, holding it at about waist level behind the edge of the table, and unfold it half-way or all the way, as you please. You then lay it across your lap. The only thing not to do is to hold it out sideways and flick it out as though you were shaking dust out of it.

Your Silver

Dear Mrs. Post: Do you think I've done the wrong thing to buy dinner-size knives and forks when I have only one size so far? A friend is trying to impress upon me that I should have got the lunch size because the larger ones are out of place at anything but a dinner.

Answer: The reason why the medium-size fork and knife are usually chosen is that very long knives and forks are unwieldy for breakfast and for lunch. On the other hand, tiny implements, the handles of which reach no further than mid-palm of a man's hand, are not comfortable for any use. In other words, if your silver is comfortable to eat with then I think it does not matter what the size is called, but if the pieces are out of proportion to the other pieces or awkward to use then the medium size would have been better.

College Jewelry Permissible

Dear Mrs. Post: Does a man's college pin come under the list of tabus in presents for a man to give a girl?

Answer: There is none made by etiquette—the tabu would be that made by the rules of his class or his fraternity, or by his giving to several girls a present that should be given only to one.

Have you seen Emily Post's new books for the hostess, "The Etiquette of Service," and "The Etiquette of Table Setting"? Send for them, enclosing ten cents in coins and the post office stamp for each booklet ordered. Address: Emily Post, care of The Kingston Daily Freeman, Box 75, Station O, New York, N. Y. (Released by The Bell Syndicate, Inc.)

Daily Menus

By MRS. ALEXANDER GEORGE

Springtime Dinner

Serving Four
Hot Clam Broth
Bread-Butter Toasted
Shrimp Curry
Watermelon Pickles
Biscuits Butter
Vegetable Toss Salad
Victory Dessert Iced Coffee

4 tablespoons fat
2 tablespoons minced onions
2 tablespoons minced green peppers
1/3 cup diced celery
1 1/2 cups boiled rice
1 teaspoon curry powder
1/2 teaspoon salt
1/4 teaspoon paprika
3 tablespoons flour
3 cups milk
1 1/2 cups cooked shrimp
Heat fat in frying pan, add onions, peppers and celery. Simmer 5 minutes. Add rice and cook until slightly brown. Stir in curry, salt, paprika and flour. Add rest of ingredients and simmer 10 minutes.

Vegetable Toss Salad

2/3 cup cooked peas
1/2 cup diced cooked beets
1/2 cup diced celery
1 cup shredded cabbage
1/4 teaspoon salt
1 tablespoon chopped onions or chives
2 tablespoons chopped pickles (optional)
1/4 cup French dressing
2 tablespoons grated carrots
Mix all ingredients except carrots. Chill and stir. Sprinkle with carrots, serve.

Victory Dessert

1/2 cup cubed marshmallows
1/2 cup orange juice
1 tablespoon lemon juice
1 cup sliced oranges
1/2 cup diced pineapple
1/4 teaspoon salt
1/4 cup raisins
Mix and chill ingredients.

When you want something different and peppy for a salad, use ginger ale for most of the liquid called for in a gelatin fruit salad. Serve on crisp green and top with boiled dressing or mayonnaise with a little Roquefort cheese added.

A "dash" of curry give an extra zip to chicken soup (clear or creamed). Add a teaspoon curry powder for each 5 cups of chicken soup mixture.

At Woodstock Hall

The film "The Spanish Earth" will be shown to the public on Friday, May 22, at 8 o'clock at the Woodstock Town Hall. The showing of these films is a non-profit community enterprise under the auspices of the Woodstock Art Association.

Navy Relief Fund Shows \$1,205.24 In City Campaign

Second Week Reports Adds \$319.05 to Total of May 11; Subscribers Are Listed

Subscriptions continue to come in in the drive to raise \$3,000 for the city of Kingston's quota in the Navy Relief Society campaign, although the total to date is not as large as City Chairman M. H. Herzog would like to see.

The second weekly report shows additional subscriptions amounting to \$319.05, which added to the \$886.19 reported Monday, May 11, gives a total to date of \$1,205.24, or about 40 per cent of the entire amount to be raised.

Additional subscriptions reported up to Monday are:

Undset—Return to the Future.
Waldeck—Athens Palace.
Weatherhead—This is the Victory.
Wendt—Foundry Work.
Yost—Modern Americans in Science and Invention.

St. Ursula Pupil Has Prize Essay

Girl of School No. 8 Also Takes First Honor and Mohonk Bay Places

The returns are in from the judges of the Ulster county school essay contest, "Why I Buy Defense Stamps," and the winners announced today.

Dr. Lawrence H. Van den Berg picked as the best grade school essay number 8 which was entered by Kingston Public School No. 8, written by Dorothy Boyle, Grade 7, aged 12 years.

In a letter to the vice-chairman in charge of women's activities in the interests of "War Savings Bonds and Stamps" Dr. Van den Berg said, "I surely enjoyed reading these papers."

The junior high school essays were sent to the English Department of Bennett Junior College. A letter from Miss Mary F. Huhman, professor of English, says "We are honored that you chose us to judge he essays in the defense contest. They were read by the defense committee and by the class in an English composition. Everyone was impressed by their vigorous spirit of patriotism. The Bennett composition class said 'Did junior high school students write those essays?' . . . It was very difficult to decide which was best." The winner is William Woodward ninth grade, Mohonk School, Mohonk Lake.

The Ulster county high school essays were sent to Vassar College. Miss Doris A. Russell, professor of English, writes "I thought they were all quite good but number three stood out as being fresh and lively and least affected with cleverness and rhetoric." Writer of essay number three is Mary Alice Bohan, aged 16, of Ulster Park, and a pupil of the Academy of St. Ursula in Kingston.

Congratulations are extended to these young people from the War Savings Stamps and Bonds Committee of Ulster county and District No. 6 of which Ulster county is a part.

As soon as possible these winning essays will be published. The committee will also announce the names of other entrants whose efforts received honorable mention. Not one poor piece of work was submitted. All are inspiring and will be used from time to time in publicity.

P-T-A. NEWS

Kerhonkson Unit

The last regular meeting of the Kerhonkson Parent-Teacher Association was held Wednesday evening, May 13.

Mr. Millard Davis, retiring president of the organization, expressed his thanks to the officers and members for their cooperative work. Principal Clifford L. Ball spoke of the work and importance of the P-T-A. particularly in the immediate years which lie ahead.

The program for the evening was in charge of Miss Ida Besedky, English teacher. The high school orchestra under the direction of Roger Baer, opened the program with a stirring march. Other activities

Ships Service Committee Formed

To Give Information on Recreational Facilities

A new organization has been set up with the approval of the commandant. Third Naval District, and the Federal Security Administration to be sure that men on ships of the U. S. Navy coming to New York get all information on the recreational facilities available to them. This organization is the Ships Service Committee and one of its members is always on duty in the District Welfare and Recreation Office, Room 1501, 90 Church street, Manhattan, N. Y. The committee is made up of women volunteer workers and their job is to find out what men from ships want in the way of recreation and to see that they get it as quickly and efficiently as possible.

The Ships Service Committee operates in the following manner:

As soon as a ship arrives in New York, a letter from the commandant, Third Naval District, to the commanding officer, describing the Ships Service Committee and its functions, is put out on board. The committee is made up of an officer, a petty officer, and a crew member. The commanding officer is invited to send a representative to consult with the committee at 90 Church street. When he comes in, the officer is asked about the needs of his men. He is told how free tickets to theaters, movies, and special events may be obtained at the New York Defense Recreation Center, 99 Park avenue, and that free tickets for baseball games and other athletic events, may be obtained through the district welfare and recreation office at 90 Church street. The officer is also told about the various public and private agencies that provide special services free or for very small fees. Most of these organizations have regular dances and parties which are open to all service men. The Stage Door Canteen is operated by stars of the Broadway stage, and the stars not only run this canteen but act as cooks, waitresses, and dancing partners.

The Officers Service Committee is set up to provide theatre and other tickets at reduced rates for officers and to give all information on special rates at hotels, restaurants, night clubs, apartments, etc. The Ships Service Committee has a unique contribution to make to the recreational program in New York. It arranges parties for the personnel of individual ships or of several small ships together, in Manhattan and Brooklyn ballrooms, to which the men may bring their wives and girls. Extra girls are provided for men who come alone. These parties are arranged for at a nominal cost to the ship. This is made possible through the cooperation of the Hostess Association of New York, who contribute their ballrooms; the Brewers Board of Trade who contribute beer; the Waiters Union and check room attendants who contribute their services and certain orchestras who provide the dance music. If a special orchestra is wanted, it can be obtained at a minimum cost.

All Ships Service Committee parties are arranged in collaboration with a committee from the individual ship according to the wishes and ideas of that ship. All actual arrangements are made by the Ships Service Committee but is emphasized that the party is the ship's own, to handle as it sees fit.

In case of large ships, two or more parties are often planned for at whatever interval the ship may decide. When a ship wants to spend money from its welfare fund, and wants an elaborate party with a special orchestra, flowers, decorations and entertainment, these can be arranged for at a minimum cost. For those that have no funds, the parties can be free and more simple.

Since it started operating on March 23, 1942, the Ships Service Committee has entertained more than 5,000 men, at parties of all kinds and sizes, which were enthusiastically received by officers and men. The Ships Service Committee will continue to make all advantages afforded by the generosity and hospitality of New York as accessible to seagoing men as they are to shore based personnel.

File Applications for Aircraft Mechanics

The U. S. Civil Service Commission announced today that applications may be filed for the examinations for Aircraft Instrument Mechanic and Junior Aircraft Instrument Mechanic at the Rome Air Depot, Rome, New York. For Aircraft Instrument Mechanic, applicants must have had not less than four years, and for Junior Aircraft Instrument Mechanic, not less than two years of progressive experience, which may include apprenticeship, in the construction and/or assembly or in the maintenance and overhaul and repair of instruments used or installed in aircraft or similar delicate and sensitive electronic or mechanical instruments.

Applications will be accepted by the Secretary, Board of U. S. Civil Service Examiners, Rome Air Depot, Rome, New York, until further notice. Copies of the announcement and application forms may be secured from the Secretary, Board of U. S. Civil Service Examiners, Rome Air Depot, Rome, New York; or at any first, second-class post office throughout the entire state of New York, or from the Manager, Second U. S. Civil Service District, 641 Washington street, New York, N. Y.

On Furlough

RAYMOND SMITH, Jr., son of Mr. and Mrs. Raymond Smith of High Falls spent a 15 day furlough with his parents.

Habers and Swamp Lilies Win Games in the City League

In a closely contested City League game Tuesday at Block Park, the Haber nine defeated Glasco.

Habers bunched four hits in the second to score three runs. Glasco tied it up in the fourth on a couple of hits and two misplays. In the last inning Kozlowski led off with a double in deep right center and Coughlin laced a triple to deep left for the deciding tally.

Jerry Gallagher made a couple of sensational catches and Stump played a brilliant defensive game at third. Woods batted in two runs with a double.

Any team wishing games with the Habers can make arrangements with F. Coughlin or John Fischer.

Swamp Lilies Win

The Swamp Lilies defeated the Peckhockee Terriers, 5 to 3, Tuesday in a fast ball game at Hasbrouck Park. George Williams held the Terriers to two hits. Deadlocked at three all in the fifth, Dougherty singled with the bases loaded to bring in the winning runs.

Herbie Williams, pitching for the losers, allowed five hits.

Hiltebrant Nine Would Play Police For Navy Relief

The Hiltebrant baseball team is anxious to play for the benefit of the Navy Relief Fund and challenges the Kingston Police team. The Hiltebrants believe this would be a big attraction. The manager states that the Hiltebrants can sell between four and five hundred tickets.

If the game can be arranged for under the lights or on a Sunday afternoon, a large sum of money can be raised for the boys, who are fighting on the front lines.

Arthur Hoffman is the manager. The game can be arranged through Mr. Hoffman or through Alderman Coughlin of the Seventh ward.

SAWKILL

Sawkill, May 20—Masses Sunday, May 24, St. Wendelin's Church, Ruby, 8:30 a. m.; St. Ann's, Sawkill, 10 o'clock. Sunday school immediately after Masses. Novenas to St. Ann and Miraculous Medal every Friday at 7:45 p. m.

First communion on Sunday, May 31, at St. Wendelin's Church, Ruby, at 8:30 a. m.

Fees for the upkeep of St. Ann's cemetery are now due and must be paid by May 31, it was announced this week.

Friday, May 22, there will be a dance at St. Ann's Hall.

A party was held at the Herman Reiff residence to help raise funds for the Navy Relief Fund Saturday night.

Jack Duffy, son of Mr. and Mrs. P. Duffy, spent the week-end in Sawkill. Jack entered the army on Tuesday. The home town folks gave him a party Sunday afternoon.

Kenneth Charlton was a weekend visitor at his home in Sawkill.

Mr. and Mrs. Edward Leahy have received word of the graduation from the Fort Benning Training School in Georgia of their nephew, John Goldpaugh, with the rating of second lieutenant.

Everett Reiff returned to Yonkers leaving his wife and little daughter, Rita Mary, for a visit with her grandfather.

Mr. and Mrs. Will McDonald have been spending some time at their summer home in Sawkill.

Miss Ann McDonald and brother, John, spent a few days at their place on Morey Hill.

Mr. and Mrs. James Malone spent the week-end at their home in Sawkill.

Victory gardens are the order of the day, many having planted this year who have not had a vegetable garden in years. Others are making their gardens larger.

Passing soldiers saved the life of six-year-old Philemina Steele when she was savagely attacked by a dog in Ballymena, Eire, but she had to go to a hospital seriously injured and the dog was killed.

Having covered nearly 140,000 miles in 45 years while wearing clogs, Miss Jane Preston, aged 68, still walks 10 miles a day carrying the mails in Cockerham, England, and declares "I'm going to continue wearing clogs until I'm a hundred."

Cleveland Crowds Yanks For First Place; Dodgers Continue Winning Streak

City Softball League Will Open Tonight When Y. M. C. A. Meets Hercules

Four Teams in League This Season; All Games Will Be Played at Hasbrouck Park

The 1942 City Softball League, sponsored by the Department of Recreation, will get under way tonight at Hasbrouck Park when Hercules meets the Y. M. C. A. in the league opener.

With the organization of the City Baseball League it was almost impossible to organize a softball league but there were a few who stayed with the game and as a result a four team league was organized. Although it is a small league it has perhaps four of the strongest teams ever assembled together in a league in Kingston which should provide plenty of entertainment to softball lovers in the city. All games will be played at Hasbrouck Park on Monday and Wednesday evenings.

The four teams represented in the leagues are Hercules, with Hank Krum, Charlie Hertica, Bob Hanley, Bill Hanley, Tibor Tomshaw, Ray Avery, Jim Kennedy, George Partlan, Chic Coniglio, Chuck Pendergast, Charlie Manfro, Joe Amato, Les Hotelling, Bub Van Buren, Early Mitchell, Larry Guess, Joe Watzka and Syl Demski.

Y. M. C. A. with Buddy Hughes, George Flemming, Art Kaplan, Warren Smith, Don Weeks, Ray Lindhorst, Jack Kelse, Harry Sarkisian, Jake Suskie, George Silverberg, Frank Hornbeck, Whitey Myers, Hank Higmyer, John Snyder, Charlie Kiederian, Johnny Kuehn and Chet Weeks.

Hiltebrants with Form Coughlin, Walt Matheus, Bob Brauer, R. Van Buren, J. Kozlowski, Earl Newell, Bill Tubby, Tommy Quinn, Eddie Baker, H. Grube, Les Barth and Coke Costello.

Electrols with Peter Campiochiaro, Bill Ferguson, Joe Enright, Lou Sapp, Rainbow Myers, Joe Britt, Ken Miller, Bill Weill, Willy Smith, Harry Mickle, John Olsen, Fred Ellsworth and George Kessler.

The following is the first half schedule:

Y. M. C. A. vs. Hercules—Round 1, Wednesday, May 20; Round 2, Wednesday, June 10.

Electrols vs. Hiltebrants—Round 1, Monday, May 25; Round 2, Monday, June 15.

Y. M. C. A. vs. Hiltebrants—Round 1, Wednesday, May 27; Round 2, Wednesday, June 17.

Electrols vs. Hercules—Round 1, Monday, June 1; Round 2, Monday, June 22.

Hercules vs. Hiltebrants—Round 1, Wednesday, June 3; Round 2, Wednesday, June 24.

Electrols vs. Y. M. C. A.—Round 1, Monday, June 8; Round 2, Monday, June 29.

Competitive School Sports Approved

Washington, May 20 (AP)—The last thing that colleges and universities should be doing at this time is curtail their athletic programs because of the war, says Lieut. Commander Tom Hamilton, head of the navy's new aviation physical training program.

"It's exactly what we don't want them to do," said the big dark man who once made three dropkicks to tie the army and who coached the navy football team with marked success.

"For some of them it is just a convenient out because they think they might lose money. I can't say too forcibly that it is absolutely essential to the armed services that competitive sports continue in the schools, despite financial losses; that kids be brought up in competitive athletics. The problem we face right now—our having to add five months to our training period in order to whip our boys into top physical shape—never would have arisen if there had been more hard competitive sports in the last 20 years."

Poughkeepsie Netmen Defeat Kingston, 7 to 0

Poughkeepsie High School tennis team defeated Kingston netmen on Monday, 7 to 0. It was the fifth straight win this season and the 19th consecutive over a period of three years for the Bridge City team.

The summaries:

Singles
Warren Reynolds (P) d. Dick Kocis (K) 2-6, 6-1, 6-0.
Sey Prutinsky (P) d. Mark Connelly (K) 6-4, 6-3.
Tom Laffey (P) d. Gus Koch (K) 6-3, 6-4.
Chet Kosciuk (P) d. Baron Cates (K) 6-3, 6-4.
Jim Mellen (P) d. John Vertetis (K) 6-4, 6-4.

Doubles
Reynolds and Prutinsky (P) d. Bruce Miller and Newton Culver (K) 6-4, 6-3.
Laffey and Kosciuk (P) d. Len Suskind and Sey Werbalowsky (K) 6-0, 6-1.

CHAMPAGNE BEER

Because Utica Club Pilsner Beer and XXX Ale is properly aged, which gives it that dry champagne-like flavor, order a case for your home.—Adv.

Rookie Parade

Up from the Columbus Red Birds, where he batted .308 and drove in 120 runs, Ray Sanders, St. Louis Cardinals' rookie first sacker, is holding up well in his job as replacement for the departed Johnny Mize, now with the Giants. Sanders has been hitting the ball hard and fielding his position well.

Nelson Favored In National Pro Golf Tournament

By HAROLD CLAASSEN

Absecon, N. J., May 20 (AP)—Byron Nelson, hotter than a July sun in his native Texas, is one of the favorites—and not without reason—in the National Pro Golf Association Tourney that gets under way on the Seaview course Monday.

Nelson, winner of the 1942 Masters at Augusta, Ga., and a finalist the last three years in the P. G. A., was mechanically perfect Sunday as he won the second annual Massachusetts Big Eight Tourney with a five-under par 139.

The big Texan, now playing out of Toledo, O., is paired with Bruce Collars of Atlantic City, and Jimmy Hines of Lakeville, Long Island, through the 36-hole qualifying test which will occupy the 116 play-for-play shotmakers on Monday and Tuesday.

One of his chief threats, little Ben Hogan of Hershey, Pa., will play the two rounds with Herman Barron of White Plains, N. Y., and Harold (Jug) McSpaden of Philadelphia, according to the pairings released today by Fred Corcoran, P. G. A. tournament manager.

Corp. Vic Ghezzi, who will defend his title on the layout which is just a pitch and putt from Atlantic City, is exempt from qualifying but will play around with Corp. Ed (Porky) Oliver and Craig Wood, who holds the Na-

tional Open title for the duration, in hopes of winning the medal.

Walter Hagen, who has added spectacles to his playing equipment, is paired with Leo Diegel of Philmont, Pa., and Al Watrous of Birmingham, Mich.

The two-day qualifying will cut the field to 32 for the five rounds of 36-holes each before the title is decided a week from Sunday. Profits from the week-long meet go to the army emergency fund.

Ralph Guldahl of Rancho Santa Fe, Cal., former National Open titlist, and Lloyd Mangrum of Chicago, were the first of the "big" name golfers to arrive.

Mangrum, winner of the first annual Greater Atlantic City Open last year, came Sunday and immediately belted out a two-underr par 70. He has been out on the course every day since.

The pairings included: Gene Sarazen of East Brookfield, Conn.; Eddie Schultz of Troy, N. Y.; and Dick Metz of Oak Park, Ill.

Sam Snead of Hot Springs, Va.; Floyd Farley, of Oklahoma City; and Willie Goggin of White Plains, N. Y.

Sam Byrd of Ardmore, Pa.; Elmer Reed of Nashua, N. H.; and E. J. (Dutch) Harrison, Camp Hill, Pa.

Jimmy Thompson of Chicopee, Mass.; Fay Coleman of Los Angeles; and Joe Belfore of Detroit.

Paul Runyan of White Plains, N. Y.; George Whitehead of Catoosa, Okla.; and Lloyd Mangrum of Chicago.

Tom Creavy of Albany, N. Y.; Denny Shute of Chicago; and Monty Onoreta of Pittsburgh.

Paul Runyan of White Plains, N. Y.; George Whitehead of Catoosa, Okla.; and Lloyd Mangrum of Chicago.

St. James Beat First Baptists in Federation Game

The St. James and First Baptist softball teams met in the second 1942 Federation Softball League contest at Loughran Park Tuesday night with the St. James tilters coming out on top, 13-11. Three runs in the seventh inning decided the game.

"Moe" Osterhoudt and John Fattum formed the winning battery for St. James while Al Hunt went the route for the Baptists with Al Sonnenberg and "Dutch" Crawford doing his receiving. Both pitchers had trouble with their control throughout the game.

The score by innings:
St. James 500 311 3-13
First Baptist ... 370 001 0-11

Hiltebrants Defeat Freeman Softball Team

The Hiltebrant softball team continued its winning streak Tuesday evening at the M. J. M. diamond by defeating the Freeman team, 5 to 3. This was the fifth straight win for the shipbuilders.

As indicated by the score, the game was close throughout. Steigewald for the winners started at the bat. Bruck for the losers turned in a nice fielding performance.

Flashes of Life Sketched in Brief

(By The Associated Press)
Crime Wave

Atlanta — "Someone has been murdered in the alley just outside the police station," the desk sergeant was informed by an excited woman phone caller. The sergeant leaped from his chair and called Detective Bill Holland. The latter hurried outside, came back a few minutes later with the decapitated form of a department store model.

Rations for Beauty

Newark, N. J. — Saying that "peroxide is more essential in the manufacture of tracer bullets than it is in the hair of blonde beauties," Marcus Tushnet, president of the New Jersey Association of Master Hairdressers, has suggested a voluntary war conservation plan of a "beauty blackout" every Wednesday for New Jersey's 3,614 beauty shops.

Not only would power and equipment be saved for use in war industries, said Tushnet, but the customers would have an extra day for participation in civilian duties associated with the war.

Sorry, But—

Kansas City — Col. Harry M. Gambrel, president of the board of police commissioners, has declined an invitation to speak at Memorial Day services in a nearby town.

The program will include a talk by the mayor, recitation of the Lincoln Gettysburg Address, your talk, then the firing squad," explained the letter of invitation.

Efficient Servants

Phoenix, Ariz. — City Manager Don C. Scott has a personal reason to be proud of his Phoenix police force. His motor car, stolen from in front of his office, was recovered and returned by police before Scott missed it.

Press Commended for Interest in State Economy

Albany — Daily and weekly newspapers of New York state were commended for their forceful and effective presentation to the public of the importance of governmental economy in a resolution adopted by trustees of the Citizens Public Expenditure Survey at their spring meeting.

"This leadership on the part of the press in keeping the public constantly and intelligently informed on affairs of government ranks in the forefront of the many services which a free press in a democracy renders," the resolution remarked.

WHEREAS, The daily and weekly newspapers of New York state have consistently, forcefully, and effectively presented to the public the importance of governmental economy and the perils toward which public complacency and indifference toward government may lead, and

WHEREAS, This leadership on the part of the press in keeping the public constantly and intelligently informed on affairs of government ranks in the forefront of the many services which a free press in a democracy renders, and

WHEREAS, The press of New York state has, amid all of the demands on its space and facilities which conditions of war impose, rendered this service in full measure by presentation of essential facts, by constructive suggestions, by fearless criticisms where warranted and by praise where justified, now, therefore,

BE IT RESOLVED, That the Citizens Public Expenditure Survey express its appreciation for the service which the press of this state has rendered, its thanks to the newspapers for their support of the efforts to promote greater economy and efficiency in government and the hope that the high standards of this public service by the press will be maintained, and

BE IT FURTHER RESOLVED, That a copy of this resolution be sent to the press associations and to the various editors throughout the state.

Found changing from trousers into a kilt, which he had brought secretly into the attack on St. Nazaire, France, a Scotch Comandante pleaded "Let me wear it for the occasion," and he received special permission.

Girls Give Baby Care Demonstration

The young ladies shown above are members of a class from the Zena 4-H Homemaking Club, who have been taking a seven weeks' course in "Caring for the Baby," under the direction of Miss Ann Cassidy, State Department of Health Nurse. They gave a demonstration Saturday at the county building, 74 John street, of some of the things they had learned during their course. Standing from left to right, they are the Misses Zada Hung, Gloria Hung, Betty Tyler, Edith Wolven, Eleanor Elwyn, Shirley Terwilliger, "Miss Zena," the "baby," who has been the object of their demonstrations, is shown in the center of the picture. Others who took the course include the Misses Anna Coursen, Margaret White and Kathleen Hung.

Shown in the lower photo is the

service flag of the Ulster County 4-H Club. Each star represents a member of the club who is now in active service with the Armed Forces of the United States. There are 35 stars in the flag.

Annual Area 4-H Homemaking Day Is Held in City

Saturday was the occasion of the annual Ulster county 4-H Homemaking demonstration day and in addition to the demonstration on caring for the baby, eight girls gave demonstrations in foods and clothing, stressing conservation of food, clothing and health, at the county building on John street.

Miss Theodora Stokes of Rifton gave a demonstration of a Butter cake and cut down on the amount of sugar used for the cake frosting. She was awarded a blue ribbon for her work in this demonstration.

Miss Verda Bernard, Modena, gave an interesting and practical demonstration, entitled "Using Left-overs." Her bean patties never looked as if they were made from the baked beans left over from the day previous, and the extra peanuts that were purchased the week before, an egg, a few cracker crumbs, and a little cat-soup—and too, this could be used as a meat substitute. She was awarded a Blue ribbon.

Miss Margaret Terwilliger, Lomontville gave a demonstration on the "Use of More Milk—Milk Drinks." Making an Egg Milk Shake brought her a blue ribbon award.

In clothing, Miss Jean Wells was awarded a blue ribbon for an appropriate demonstration "Do For Your Clothes Today So They Will Do For You Tomorrow." She showed how her blouse, skirt, and

MODENA

Modena, May 20 — Mrs. Nelson Hedges attended a meeting of the Ladies' Aid Society of the New Hurley Reformed Church, held at the home of Mrs. Lee Hammer, near New Hurley, recently.

Paul W. Weber, Jr., is employed as clerk in the general store of Ralph Van Sicien, at Clintondale.
